Great Night with Parents and Teachers

A big thank you to all parents who came along to the 'Meet the Teacher' night on Tuesday. Parents had an opportunity to meet teachers and hear about expectations for their child's year of schooling. The barbecue was enjoyed by all. As always, we appreciate the relationship between parents and teachers as this ensures maximum success for our students.

Important Anaphylaxis Information

Anaphylaxis is a severe and sudden allergic reaction to food such as nuts or shellfish, or insect bites. If your child is diagnosed at risk of an anaphylactic reaction, an individual health care plan is developed. You will need to provide information from your child's doctor, including an ASCIA Action Plan for Anaphylaxis. The individual health care plan will describe your child's needs and how the school plans to meet these needs during the school day, on excursions and in other school activities. Schools and parents work together to put arrangements in place for health care support. Information from the child's doctor, provided by you, will inform the planning process.

Prevention is certainly better than cure. In our endeavour to prevent as many potentially dangerous situations as possible, many procedures have been put into place. All parents can assist by encouraging their child to avoid sharing or trading food and eating utensils. Encouraging children to wash their hands with soap after eating may also be helpful. While we are unable to tell parents what to pack for their child to eat in their lunch boxes, we are appealing to our parents to avoid sending nut products to school for their child to eat if at all possible. These products include:

Peanut butter	Nutella
Nuts of any type	Nut spreads
Coconut	Muesli bars of any type

WOOLGOOLGA CODE CLUB

FOR KIDS WHO WANT TO LEARN TO CODE

Our Club is a space for like-minded kids to socialise, share their computer skills, and learn how to code. It is aimed at children 8-12 years old. Although it may be suitable for younger or older children depending on their ability and interest.

Our motto is based on being creative, collaborative and curious. We believe in teaching our children how to create digital content, not just consume it.

Our Club meets every Thursday from 4pm-5pm during school terms at the Six Degree Co-Working Space in Woolgoolga.

Our Club is free to join and attend the school term sessions.

For more information go to www.woolgoolgacodeclub.org.
