## Woolgoolga Public School

TERM 1 ISSUE 6

7<sup>th</sup> March 2019

### Clean Up Australia Schools Day

Our school held *Clean up Australia Day* last Friday. It was fantastic to see the students out in our covered areas cleaning around the school.

It was also very pleasing to note that rubbish was very hard to find on the day – obviously a great job being done by our students and cleaners throughout the year.

### Twilight Fete News

Only one week to go until the fete!! Get prepared for an action packed afternoon of fun.

#### **Art show**

Please do not write your name on the front of the art work. Make sure it is written on the back. Please bring your creations to school on Tuesday 12<sup>th</sup> March to the library.

#### **Donations – Twilight Fete**

We are still accepting donations of chocolates (all sizes) and jars full of goodies for prizes.

### Stage 1 Roo Roll Visit

Students in Years 1 and 2 were presented with a visit by Sandy from the National Parks and Wildlife Service who spoke to students on what to do if a kangaroo is around you.

## Lost Property

This week we would like to remind parents to ensure their children's names are clearly marked on their clothing.

As the day warms up, many students take off their jumpers and as a result, the number of jumpers in lost property has grown and we would love to see them return home.

## Stage 1 Assembly

Laura, from the Commonwealth Bank will be making a short presentation at this week's Stage 1 assembly and will be available to answer questions regarding school banking.

## Headlice - Reminder

Now that students have returned to school it is important to be vigilant with your child's hair. Around 23 per cent of primary school children screened through the NSW Health Nitbusters program have head lice. Head lice are a very common problem that most parents and teachers are more than familiar with. If your child has head lice here are some treatment tips:

- Do not treat your child if their scalp is irritated or inflamed
- Always read the head lice product label and directions before you apply it to your child's head. Products can be found in local chemists
- Apply the head lice product to every strand of your child's hair and work through, leave for 20 minutes, and comb out with a good quality lice comb
- Check your child's head and if dead lice are found, the product has worked. However make sure you re-treat your child's head in seven days to catch nymphs that have emerged from unhatched eggs
- Reduce the risk of your child catching head lice by tying their hair back or braiding it. For more information visit:
- [www.health.nsw.gov.au/publichealth/environment/headlice/treatment.asp](http://www.health.nsw.gov.au/publichealth/environment/headlice/treatment.asp)

## Woolgoolga Public School Week Ahead
