## Family Travel & Holidays

Families are encouraged to travel during school holidays and avoid booking family holidays during school terms wherever possible.

If travel during the school term is necessary, please ensure that you advise the school office prior to the commencement of your holiday. For a leave period of more than 10 school days, an *Application for Extended Leave* needs to be completed and approved by the Principal.

Approved absences relating to travel will be marked as leave on the roll and therefore contribute to your child's total absences for the year.

Challenge yourself and the other OOSHers from Garton in a range of indoor and outdoor sports games and activities! You can also channel your inner champion today by wearing your favourite sports team colours or uniform!</p> 	<p><b>Dave's Dave - "THE STANDARD YOU WALK PAST IS THE STANDARD YOU ACCEPT"</b></p> <p>This long-established mantra can, and should be, applied to all aspects of life, particularly in establishing partnerships between education and parenting. Newton's Third Law states that, "For every action, there is an equal and opposite reaction." A little bit of discipline and consequence doesn't kill us and should be seen as the sculpting tools to mould little lives (and big lives for that matter) and to set the bar for positive behaviours, actions and standards. With this in place, we should all then work hard and consistently strive to raise that bar and lift those standards for the benefit of all and sundry and our community as a whole. Sadly however, and more often than not these days, we are seeing the bar continually lowered with many people taking 'easy options' in accepting bad or anti-social behaviour as normal when the 'too hard basket' overflows! That said, I want to invite any or all OOSH parents of Year 5/6 children to help me 'Raise a Bar' and create a Higher Standard for the visual amenity of our town. It is said that "you should pick your battles," so I want to start a fight! I want to permanently remove the Graffiti on the Sound Wall of the Arthur St Ramp that leads from the highway to the Plaza! I don't want our children to have to see the film and read the idiotic ratings and illustrations painted illegally in public places by morons whose bar has been set so low that they think they can walk over it, and us in the process. Enough is enough! Although this wall gets painted out by the Dept of Transport every now and then (it was done recently in a hotpouch of colours), it will often sit vandalised for a year or more at a time before anything is done. To win the battle it must be pounded on and cleaned instantly so that the brain-dead vandals get no exposure at all for their limited lack of talent. In an act of civic duty, Community OOSH Services is going to "adopt" the wall (all 45 panels of it) as a community project and, with the help of Park Beach Plaza management, who are on board with supplying the paint, are going to keep it pristine and clean and free from the pre-schematic scribbles of those who never made it past pre-school! When vandalism occurs, we are going to paint it out instantly! AND... when they do it again, as they surely will, we're going to paint it out again, and again, and again until they get bored and think about finding something different to do (like going to school maybe?). To register interest in this crash course on how to use a paint roller for kids, please contact David on 0437 033 143 for finer details and dates. IT'LL BE FUN!</p>
